THE **ZENITH**

1936

Mrs. Louise C. Wrenn

D E D I C A T I O N

For one whose unselfish dreams portray the true spirit of giving, reward comes through the hero-worship of grateful adolescents of many generations. It is this spirit that has been exhibited in the M. J. Wrenn Memorial, from which students may learn and share in the knowledge of the centuries. This vision has been presented by his wife, who graciously carries forward his interest in the education of youth. Therefore, with the deepest appreciation and respect, we dedicate this 1936 ZENITH to

Mrs. LOUISE C. WRENN.

We present

• • THE TENTH VOLUME OF THE ZENITH, INCORPORATING THE MOST LASTING IMPRESSIONS OF COLLEGE DAYS. IN THESE AIRPLANE VIEWS OF CAMPUS LIFE, WE MERELY SUGGEST ALL THE IMPORTANT MINOR EVENTS THAT ARE NOT VISIBLE. ONLY THE HILLTOPS STAND OUT; BUT THE LANDMARKS REVEAL THAT WITHIN THESE PORTALS LIFE IS LIVED, TIME IS USED, PROGRESS IS INSURED. IF, WHEN YOU READ THIS BOOK, YOU ARE IMPRESSED WITH THE ONWARD MARCH OF OUR ALMA MATER AND YOUR GROWTH INTO MANHOOD AND WOMANHOOD UNDER ITS INFLUENCE, WE SHALL FEEL THAT OUR WORK HAS BEEN A PLEASURE. WE ARE HAPPY TO GIVE TO YOU

On December 17, 1903, a telegram from Manteo, North Carolina, proclaimed to the world that man could soar like a bird. That clumsy, kitelike affair in which man made his first flight in a heavier-than-air machine was the result of a vision of Wilbur and Orville Wright, and of their unswerving determination to make that vision a reality. This daring flight marked the birth of a new era; it was the beginning of the Age of the Air.

In spite of public doubt and suspicion, Aviation has forged steadily ahead. From the small bicycle repair shop in which the Wright Brothers made their first plane, the aircraft industry has grown into huge modern factories employing thousands of men. The flight of twelve seconds and only a few hundred feet, drew the applause of the world; but today a continuous flight of three weeks or nonstop flights of thousands of miles attract scant interest.

E. N. C. ANDREWS
THOMASVILLE, N. C.

Degree: A.B.

Mars Hill, '33, '34; Wake Forest, '35.

Being here only this year, Mr. Andrews is not so well known. All that we know is that he is a Baptist preacher who likes to jest, and that he says his name is "Eastern North Carolina."

NELL BROWER
HIGH POINT, N. C.

Degree: B.S.

One never knows whether Nell will make a lawyer, a millionaire, or a stenographer. She is anywhere from business law to a typing exercise. By the size of the books she's lugged around for the past four years, she certainly must have gained some knowledge.

PATTIE GRAVES BARTEE

Degree: A.B.

Artemesian Literary Society, '33, '34, '35, '36, Secretary, '34, Treasurer, '35, Critic, '36; Christian Endeavor Society, '33, '34, '35, '36; Y. W. C. A., '33, '34, '35, '36; Purple Players, '33, '34; Woman's Student Government Council, '34; College Marshal, '55.

Pattie never pushes herself forward, but yet she never shrinks from duty.

CATHERINE BROWN
HIGH POINT, N. C.

Degree: A.B.

Asheville Normal and Teachers College, '33, '34; Appalachian State Teachers College, '35.

Another new senior this year, but one that is characterized by her gracefulness. Catherine, too, doesn't forget her English and History. We have been glad to have her as a classmate.

Nikanthan Literary Society, '35, '36; Modern Priscilla Club, '35, '36; Art Club, '36; W. A. A., '35, '36; Chemistry Club, '35, '36.

To truly appreciate Catherine, one must work with her. Whatever she is appointed to do, she does it and it is the work of one who does her work well.

Degree: A.B.

A Θ Ψ

Nikanthan Literary Society, '33, '34, '35, '36; W. A. A., '35, '36; Angelus Club, '36.

Everything that Sulon does, he does it conscientiously. Such a thorough worker must be a great help to the M. P. Conference. Never have we seen a boy with finer principles.

ABRAHAM LINCOLN FULK

Mr. Fulk is a Baptist preacher who likes to argue and use his wit; but he is also a likeable fellow who maintains a rather high scholastic rating.

A., '33, '34, '35, '36; Hiking Manager, '36; Art Club, '35, '36; Scribblers' Club, '34; ZENITH Staff, '36; Student Absence Committee, '36.

Virginia lives near enough to the Virginia line to have the vernacular "house" and "about." Her work on the ZENITH has been splendid.

MARGARET JUANITA HAYWORTH

HIGH POINT, N. C.

Degree: A.B.

Nikanthan Literary Society, '33, '34, '35, '36, Pianist, '34; Woman's Sport Council, '35, Treasurer, '35; W. A. A., '33, '34, '35, '36; Art Club, '36.

Some people just always manage to be doing something worth while all the time. If Juanita isn't taking piano lessons, she is tampering with oil paints, buying favors for a banquet, or struggling with "primary methods."

ATLEY EUGENE HARTMAN

Degree: B.S.

E H Φ

Thalean Literary Society, '33, '34, '35; Hi-Po, '34; Vice-President of Class, '36; Baseball Manager, '36.

Atley, sleepiness, and a cigarette are inseparable; however, this must be only skin deep, for he has been a ready helper and worker in many phases of school life.

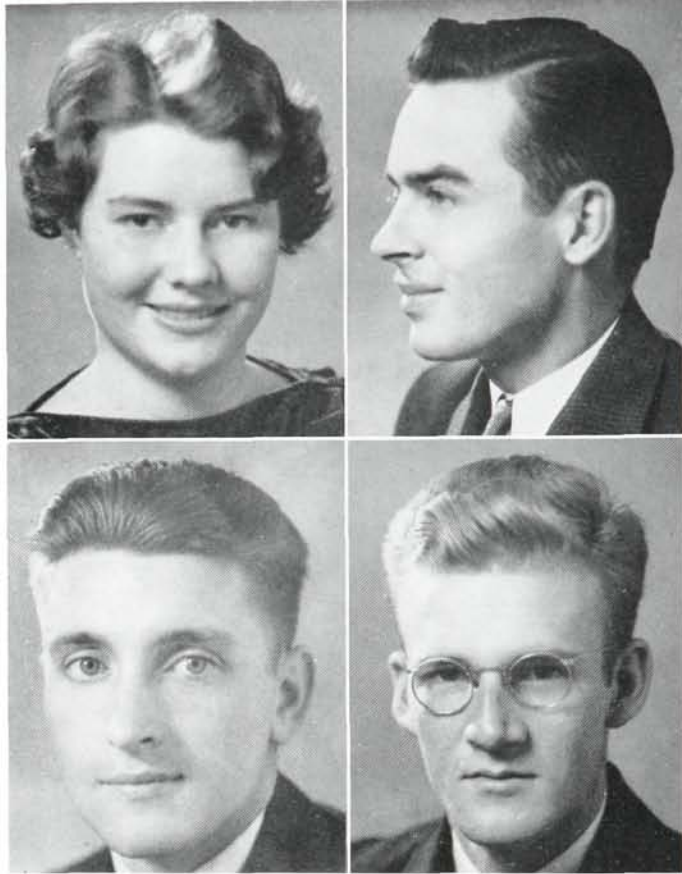

DORIS HELEN HEDGECOCK

Nikanthan Literary Society, '33, '34, '35, '36; Monitor, '34; Chaplain, '36; College Marshal, '35; W. A. A., '33, '34, '36.

Dot is a quiet kind of girl, always ready to lend a helping hand. She evidently must think a lot, for good grades are sure to come her way.

GEORGE ZURINGLI INGLE

Degree: A.B.

I T K

Akrothian Literary Society, '33, '34, '35, '36; Baseball, '33, '34, '35, '36; Block "H" Club, '34, '35. Everyone "picks on" George, who takes it good-naturedly. (They say he goes home every fall to set his rabbit traps.) I don't know. But I do know he is a jolly good sport. George is everybody's friend.

RAY JOHN PERVY HILTON
THOMASVILLE, N. C.

Degree: A.B.

Ray jumped the Junior Class through summer school, thus he ranks as a senior. He has a kind, winning personality that comes out so gradually that he was hardly known until this year. Maybe it's his mustache shaped like a spreading V, upside down.

MILLARD G. ISLEY
GRAHAM, N. C.

Degree: A.B.

"Jerry" is sure to pull the newest "bite" on the campus.

FRANK HOOKER JONES
JAMESTOWN, N. C.

Degree: A.B.

An inhabitant of the underworld! Seldom do we get a glimpse of him, he stays down in the "chem" lab so much. He talks very little, so we wonder whether he will be that country doctor, or a great medical missionary.

CHRISTINE LATHAM
HIGH POINT, N. C.

Degree: A.B.

Artemesian Literary Society, '33, '34, '35; Modern Priscilla, '34, '35, '36; Art Club, '33; Chemistry Club, '35.

Her four years have been divided among cooking, chemistry, and sewing. She has prepared herself to make an excellent housewife with this knowledge, being already equipped with a sweet disposition and a pleasant, friendly "honey."

FRANCES WALKER LAMBETH
HIGH POINT, N. C.

Degree: A.B.
Salem College, '33, '34.

Frances comes out here chiefly for her classes. So few of the students really know her. However, we know that she has a keen sense of humor, and a radiant personality.

RUBY MARTIN
MOCKSVILLE, N. C.

Degree: A.B.

Nikanthan Literary Society, '33, '34, '35, '36; Christian Endeavor Society, '33, '34, '35, '36; Y. W. C. A., '33, '34; Art Club, '36.

If there are any eats to be planned and prepared, Ruby is chairman of that committee. She seems to know how to work "Ma" Whitaker and serves as an intermediary nearly every time whether we want rolls or fruit juices.

SENIOR

JAMES NOFF MASSEY
PLEASANT HILL, N. C.

Degree: B.S.

Thalean Literary Society, '33, '34, '35, '36; Choir, '33, '34, '35; Christian Endeavor Society, '33, '34, '35, '36; Y. M. C. A., '33, '34, '35, '36.

The first year James took the regular freshman courses. The other years he has added an extra course to his daily routine—the campus course. It is always James and Inza.

JOSIE MAE MCNEILL
ASHEVILLE, N. C.

Degree: A.B.

Nikanthan Literary Society, '33, '35; Choir, '33; W. A. A., '35, '36; Y. W. C. A., '33.

Although Jo is a senior, she still looks like a kid. She is always smiling, skipping, or humming. Yet, she plans to teach science and math. She succeeded well in her practice teaching. Her accomplishments reveal that she is grown up.

DOROTHY CORDELLE MCCOLLUM
REIDSVILLE, N. C.

Degree: B.S.

Nikanthan Literary Society, '33, '34, '35, '36; Art Club, '33, '36, President, '36; Y. W. C. A., '36; W. A. A., '36; Modern Priscilla, '34, '35, '36, President, '36; Chemistry Club, '35; C. E. Society, '36.

One can never forget her wavy, auburn hair, her dainty turned-up nose, and her beautiful complexion.

ROBERT E. LEE MOSER
BURLINGTON, N. C.

Thalean Literary Society, '33, '34, '35, '36; Society Debater, '35, President, '36; Ministerial Association, '33, '34, '35, '36, Secretary, '34, President, '35; Men's Dormitory Council, '36, Secretary, '36; Christian Endeavor Society, '33, '34, '35, '36; Purple Kittens, '34; Y. M. C. A., '33, '34, '35, '36, Treasurer, '36.

Lee is a happy-go-lucky Southerner, by all outward appearances, but he has what it takes. His important offices are evidence of this, among them being pastorship of a church.

Artemesian, '33; Modern Priscilla, '33, '34, '35, '36; Chemistry Club, '34.

Alice came to school seeking a degree in Dietetics. Most laboriously did she pursue her studies, aiming high for the future. But, lo, this fall she entered with a diamond flashing from a finger on her left hand. Anyway, the dietetics will probably save a doctor's bill.

One associates with Mary her beautiful, long, blonde plaits. The library will not seem the same if we return and she is not there.

JESSE LEO PITTARD
ROANOKE RAPIDS, N. C.

Degree: A.B.

Thalean Literary Society, '33, '34, '35, '36; Ministerial Association, '33, '34, '35, '36; Choir, '33, '34, '35, '36; Y. M. C. A.; Christian Endeavor Society.

Leo has the bearing of a ministerial student full of integrity. Above all things, he is a student and a shrewd salesman.

If Clara is not helping in the kitchen, she is helping somewhere else. It seems a natural gift—and a gift that will make it hard for others to do without her.

Ernestine certainly pulled a big surprise on us this year—that of becoming Mrs. Strickland.

THOMAS CARRICK TEAGUE
KERNERSVILLE, N. C.

Degree: A.B.

Mars Hill College, '26, '28, '31; Summer School, H. P. C., '33, '34, '35.

After teaching for several years he decided that he wanted his "sheep-skin." He's interested in Sociology, and he is a good speaker and singer.

RUPERT LEON THOMPSON
HIGH POINT, N. C.

Degree: A.B.

Football, '33; Class Treasurer, '36.

Leon is a friend who knows how to co-operate. He has held down a regular job and passed his courses, although he has not had time to engage in extra activities at the college. Truly here is one of whom we can all say, "Well done, Leon."

CHARLES FAWCETT TOMLINSON, JR.
HIGH POINT, N. C.

Degree: A.B.

U. N. C., '33, '34.

Charles has withheld his talents and resources from the student body. We know he studies math. For appearance he is one of the smartest dressed boys on the campus, and does he know how to combine his colors?

"Cricket" is a hard player in the game. A good winner and a good loser.

Nikanthan Literary Society, '33, '34, '35, '36, Secretary, '34; Choir, '34, '35; W. A. A., '35.

When Hazel did her practice teaching last fall, the children liked her so well that she secured a regular job teaching two days a week. That's saying a lot for her.

New types of highly developed planes, from the tiny one-passenger sport plane to the giant multi-engined airliners capable of carrying dozens of passengers and tons of express, are shown to record breaking crowds. Morning and evening, Aviation is making its thrilling stories of spanning an ocean or continent, of the discovery of a lost city, of the rescue of the storm-bound or the flood-trapped, and of the strengthening of international friendships.

ATHLETIC ASSOCIATION

COACH C. VIRGIL YOW

All athletics of the college are under the guidance and control of the Athletic Association. This group, composed of five faculty members and two representatives from the student body, provides a well-rounded athletic program which enables us to stand at the top in the North State Conference. It supervises the scheduling of games, enforcement of all conference rules, determining the eligibility of players and the awarding of monograms. It strives for the highest in sportsmanship in college athletics.

The present year brought the Purple Panther cagers their first North State Conference crown under the tutelage of Coach C. Virgil Yow, popular High Point mentor for the past four seasons.

After dropping the opening conference contest to the Appalachian Mountaineers by the count of 28-27, the Panthers staged one of the most brilliant winning streaks in the history of the circuit to take down top honors with eleven victories in twelve games.

B A S K E T B A L L

This was the first championship five that High Point has produced since 1930, when the Panthers captured their third consecutive loop crown.

Playing host to the conference teams in the first annual North State Tournament, held in Harrison gymnasium on February 27th, 28th, and 29th, the Yow-men increased their court prestige by annexing the tournament title to their championship honors. They displayed a brilliant brand of ball to defeat Catawba, Elon, and Lenoir Rhyne on successive nights.

FRESHMAN BASKETBALL

The Purple Kitten basketeers, under the direction of Elijah Diamont, student coach, and G. W. Holmes, Freshman manager, turned in a very satisfactory record this year. They encountered several strong teams on courts both at home and away from the campus. Besides the preliminary contests, arranged for practically all the home varsity games, the Kittens played several nearby high schools. On a five-day trip into the western part of the state, they won four out of five games.

Giles, Ellington, Edgar Welborne, and Hauser displayed real basketball ability, which indicates that more material is at hand to strengthen the varsity.

Others who played on the Purple Kitten team were: Trogden, S. J. Welborn, Wagoner, Peeler, Setzer, Henderson, Morgan, and Gallimore.

SOCCER

Although they suffered defeat for the first time during the history of the sport here, the Purple Panther shinbusters continued to maintain the high standards set by the soccer teams during the past six years.

Boasting one of the most powerful elevens in the state, the locals experienced a successful season both in collegiate circles and in Central Carolina Soccer Association, which is composed of fast independent and college clubs.

In collegiate competition the Panthers lost only one game and tied one. They defeated Catawba, divided with the Duke Blue Devils, and gained a victory and a tie with the Davidson Wildcats.

The strong Kernersville club defeated them in one league tilt, but the charges of Coach Broadus Culler, student coach for the past three years, came back to take the title with nine victories in ten games.

BASEBALL

High Point's 1935 baseball team ended the season with fourth place in the North State Conference, though the club was hurt by the withdrawal of Sherrill, star pitcher and captain, who signed to play professional ball. The entire squad deserves credit for its sportsmanship and hard work. The combination of Rudisill, Harris, and Diamont carried the brunt of the battery attack, with Brinkley turning in a few creditable performances. As a whole, Culler proved to be the most valuable man, and with the loss of Jennings only, the team looks forward to a successful 1936 season. The Panthers played a total of eighteen games last season, losing nine and winning nine. A total of six won and five lost was the team's standing in the conference race. Not only colleges, but professional and semi-professional teams are included in the schedule.

TENNIS

Though a minor sport at High Point College, tennis has become outstanding in interest. Perhaps more students are enjoying it than any other activity. Competition is keener every year and the men that land positions on the team do so after several hard-fought battles. With the three varsity men, Frank Niernsee, Leonard White, and Wilson Rogers, from the team of last year, and with the talent brought in from the Freshman Class, the team looks forward to a very successful year. Dale Jarrett, Freshman, exhibited the most surprising attack by wading through the preliminaries to lose a hard-fought match to Niernsee, ace netman for the Panthers. Buck Setzer, also a Freshman, looks promising as varsity material.

Handicapped last spring by not having courts in any condition on which to practice, the season passed without a match won, although some of the men turned in victories for themselves.

WOMAN'S ATHLETIC COUNCIL

The Woman's Athletic Council is the governing board of the association and is composed of its officers and various sports managers.

The Athletic Council looks after such routine duties as the nomination of officers, the selection of pledge week, and the awarding of honors. The main purpose of the council is to uphold the fundamental aims of the entire association and to recommend to the society worthwhile activities.

The following are officers who served on the Woman's Athletic Council during the past year:

LILLIAN VARNER	<i>President</i>
PAULINE PARKER	<i>Vice-President</i>
JACQUELINE CAMERON	<i>Secretary</i>
MARGARET DIXON	<i>Treasurer</i>
MARGUERITE JENKINS	<i>Editor</i>
VIRGINIA GRANT	<i>Hiking Manager</i>
DOROTHY BELL	<i>Sergeant-at-Arms</i>
INZA HILL	<i>Publicity Chairman</i>

W O M A N ' S A T H L E T I C A S S O C I A T I O N

The Woman's Athletic Association during its second year on the campus has inspired great interest in athletics for co-eds. The organization, national in scope, opens its membership to all girls who care to participate in sports.

All intramural tournaments are sponsored by the association. The schedule for the past year included volleyball, basketball, baseball, tennis, and tumbling. Class teams in each of these sports battled for the Sidney Brame Loving Cup, which is given each year to the class whose teams have the highest percentage rating.

To recognize individual achievement, the association awards points for the participation in athletics. To win an H. P. letter, five hundred points are required, but a girl may win the coveted H. P. sweater by earning 2,000 points.

VOLLEYBALL

Fall sports for women began in earnest when volleyball season opened. During the intramural tournament the first week in December, the hard-hitting Freshman team defeated all upperclassmen and captured the Brame Loving Cup. The final scores were:

Sophomores	46;	Seniors	15
Juniors	30;	Seniors	26
Freshmen	34;	Juniors	23
Freshmen	38;	Seniors	37
Sophomores	42;	Juniors	24
Freshmen	32;	Sophomores	25

With the culmination of the intramural tilt, a student committee selected from those who showed outstanding ability the following to make an "all-star" team: Ruth Hendricks, Elizabeth Hoffman, Fay Holt, Marguerite Jenkins, Violet Jenkins, Olga Marlette, Elizabeth Phillips, and Ann Watkins.

BASKETBALL

Every Tuesday and Thursday afternoon during basketball season, between the hours of four and six, you will find a group of co-eds scrapping on the floor of Harrison Gymnasium. Although the girls do not engage in intercollegiate games, basketball has proved to be the most interesting of intramural sports. More class enthusiasm and stirring competition are demonstrated during the basketball tournament than at any other time during the entire program of the Athletic Association.

Fall sports were culminated by the basketball tournament, which was scheduled the last week in March. Each class team fought hard and was urged to victory by loyal boosters; but the dashing Freshmen basketekers proved too strong for the upperclassmen teams. They stood undefeated champions.

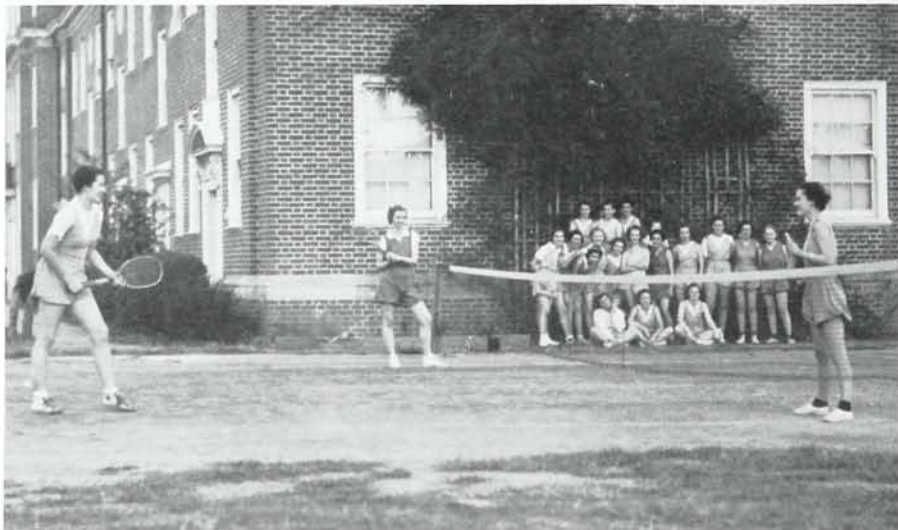

TENNIS

Following the spring baseball tournament, the Woman's Athletic Association sponsored an intramural tennis tilt. Because of the large numbers of entries, the ladder system was used for the tournament. Keen class competition was displayed as each individual player represented her class. Balls flew fast over the courts almost constantly.

After three weeks of fighting across the net, Adylene McCollum and Faye Holt battled their way to the top round in the singles. The final clash brought the championship to Adylene and the Senior Class.

The Freshman, Sophomore, and Junior classes each sent teams into the doubles. The two upperclass teams were unable to withstand the fast balls of the Freshmen, Marie Stevens and Mary Frances Gerringer, who carried the laurels for their class.

TUMBLING

Although tumbling has been taught along with the various other sports, it was not until last year that a tumbling team was organized and special attention given to those girls who showed skill in executing the tumbling feats.

On April 12th, last year, the four classes held a tumbling tournament. It was a contest largely between the Freshmen and Sophomores, and the Sophomores were declared the winners. The Freshmen showed more picturesque stunts because of their numbers; but the Sophomores displayed more athletic ability and expertness. Many of their formations were created by the girls themselves.

This year a class in tumbling has been taught. The girls have learned to do hand-springs, head and elbow stands, forward and backward rolls, to bicycle, to make various figures, and to build pyramids.

WOMAN'S BASEBALL

When basketball season is over, the co-eds of the college immediately turn their attention to baseball. As in the other sports, an annual tournament is held to determine the champion class.

Last spring the base-runners labored days before they were able to transform the wilderness behind the girls' dormitory into a baseball diamond. With each succeeding class practice, well-trodden paths between the bases became visible.

Teams from the Freshman, Sophomore, and Junior classes entered the tournament, which occurred the second week in May. Competition was very keen. During the first round, each team won and lost one game. In the second series of games the hard-hitting Sophomore team, led by their star hurler, Faye Holt, fought through victoriously.

ORGANIZATIONS

IV

Those who are familiar with the trend in Aviation realize that the first thirty years only foreshadow the tremendous development of the next decade. Having demonstrated its practicability, its safety, and its economy, Aviation has come to its own. Great financiers and small investors alike are buying stocks in a progressive billion dollar industry producing airplanes for military, commercial, and private use. The public is interested in Aviation; it has taken its position as an integral factor of modern life.

STUDENT GOVERNMENT

Student Government at High Point College is no longer experimental. Since 1933 the students have proved their ability in matters of cooperative self-government. The council has profited by its mistakes, and probably its accomplishments have now reached a period of quiet growth and development.

The Student Government has initiated a workable honor system, has handled matters of discipline efficiently, and has been instrumental in the attainment of a greater student unity, a deeper regard for school ideals, and a growing, enthusiastic college spirit.

PUBLICATIONS BOARD

The Publications Board is an informal organization governing the student publications of the college. Its purpose is to promote unity and good will between THE HI-PO and the ZENITH; and its duties are to strengthen the prestige of the publications, to create a closer feeling among the members of the two staffs, and to encourage the student's loyalty to his board by dividing the responsibilities. Regulations are that the board supervise the signing of contracts and the appointments to the two boards. The student may not be a member of both the ZENITH and THE HI-PO staff at the same time. All cuts and photographs of each shall be available to the other without extra cost or delay. These rules have brought about a congeniality between the staffs that enables each to work more successfully.

The editors and the managers of the two publications, the advisor of the ZENITH, and a chairman appointed by President Humphreys constitute the membership of the board.

THE ZENITH

EDGAR SNIDER
Editor

This year the staff of your annual has endeavored to give you something different in the field of college yearbooks. As you will notice throughout the book, a new typographical style is evident, there is a touch of color here and there, the cover is new and different.

Believe us when we say that our task has been a hard one, but one that each has taken a delight in and has enjoyed. From September until April, we have been taking pictures, visualizing each page, selling ads, editing copy, checking and double-checking. You have the result in your hands; it is our very best; each member of the staff hopes that it will be the pride of the 1936 class and of the college. We have used as a theme the history of aviation and its rapid growth to suggest novelty, progress, and improvement from year to year.

To Bill Daniels, Herbert Hitch, Tom Dodamead, and Miss Vera Idol, we express our sincere thanks, for without their aid and direction there would not be a 1936 ZENITH.

THE HI-PO

WILLIAM WEISNER
Editor

THE HI-PO organization has worked smoothly this year in bringing out each week a college paper filled with the events that we believe are of interest to students. We have tried to continue THE HI-PO tradition of accurate news coverage and constructive editorial policy, together with ideals of our own.

An important aim of the paper this year has been to keep the students of High Point College in step with the best thinkers of youth throughout the world. To this idea we have devoted some news space and editorial comment. The school has been more interested in cooperative student movements this year than ever before, and we feel that THE HI-PO has been the instigator.

The staff has not neglected the local situation, as it has been enthusiastic in its news gathering, and I believe that coverage has been as complete as at any time in the history of the paper. THE HI-PO has been glad to chronicle a year of activity and growth.

A CAPPELLA CHOIR

The choir represents the most organized musical group on our campus through the forty voices that blend in concerts presented throughout the Eastern states. Although it was organized only six years ago, the choir is now recognized as one of the few outstanding A Cappella Choirs of its kind in America. The membership consists chiefly of untrained voices; but through the pieces selected and the appreciation expressed, its presentations have been lauded by audiences in many prominent cities.

Each year the choir makes an extended itinerary into the North or South. Members return describing humorous episodes of travel.

The members express their most sincere gratitude to Mr. N. M. Harrison, whose efforts make their trips possible, and to Miss Margaret Sloan, the director, who is enabled by her unequalled patience and her love of music to communicate to the members her enthusiasm for the truly great compositions. It is to them that we owe the advancement of this organization.

INTERCOLLEGIATE DEBATERS

Last year the debating squad met several colleges, both in the North and South, and won most of the decisions. Returning from the trip, they took first place in the tournament, which made them champion debaters of North Carolina.

This year the squad is made up largely of new men, only one having participated in intercollegiate debates. The major meet of the season was the Southeastern Forensic Tournament at Rock Hill, South Carolina, where the team won five debates. Professor Cullen B. Owens, forensic coach, arranged to meet several colleges in the state and a few out-of-state teams. The query was, "Resolved, That Congress should have the power to override by a two-thirds majority vote decisions of the Supreme Court declaring laws passed by Congress unconstitutional."

The members of the squad were Leo Pittard, Hoyt Wood, Sulon Ferree, Ed Stirewalt, J. E. Garlington, and Dwight Morgan.

LITTLE THEATRE

The Little Theatre of High Point College offered as its major production, "Three-Cornered Moon," by Gertrude Tonkonogy. This rapid-fire comedy, one of the bright spots of the 1932-33 theatrical seasons of Broadway, depicted the efforts of a madcap family to adjust itself in a work-a-day world after the depression had relieved it of a comfortable amount of stocks and bonds.

Its spring production was Emyln Williams' melodramatic thriller, "A Murder Has Been Arranged," which kept the English playgoers gripping their seats when it was produced a few seasons ago. The interests of the play lay largely in the ingenious manner in which the murderer was trapped and in the unique setting in that it took place on any stage on which it was produced, but that it first was played on the stage of the St. James Theatre.

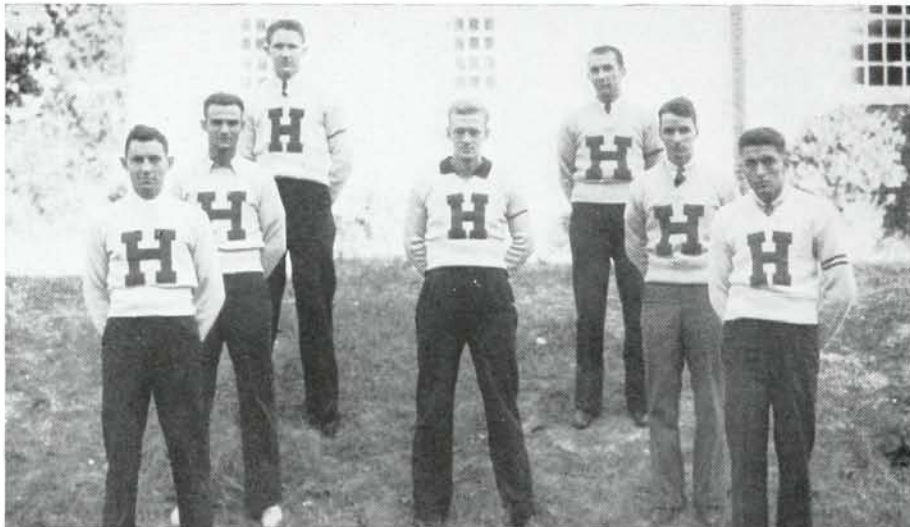

BLOCK "H" CLUB

Athletes who meet the requirements of dependability, sportsmanship, loyalty, teamwork, and have won a monogram in any sport at the college, are eligible for membership in the Block "H" Club. However, every man must be passed on by a unanimous vote of all the active members before admission is obtained. Its activities consist mainly of furthering a higher type of athletics at the College by promoting a brotherly spirit among the players, stressing cooperation and clean play, and striving for a more friendly feeling between rival teams.

Although the work of the club is not visible to the students as a whole, there always exists that feeling that it is an honor to wear the emblem of one's school and to hold its name always at the top, representing the highest in scholarship, athletics and the ideals of manhood.

May that flame ever burn within the breast of one wearing our college block "H".

MODERN PRISCILLA CLUB

The Modern Priscilla Club was organized in 1927 by the members of the Home Economics Department classes for the purpose of creating interest and of giving to its members a broader outlook into the field of home economics. Home economics majors and all students taking one or more subjects in the department are eligible.

Each year the Modern Priscillas climax their work of the year by giving a formal dinner, to which the members of the science department are invited. Each member has the privilege of inviting someone as her special guest. The custom is for the club to bring something to be used in the Home Economics Department or in the Practice House which the department sponsors every other year. This model home is planned and operated by the Junior and Senior girls.

It is the aim of the club to help build a bigger and better High Point College—that each succeeding class may be stronger and better equipped.

PAN-HELLENIC COUNCIL

The Pan-Hellenic Council is an organization composed of one student and one faculty member representing each Greek letter social club on the campus. It regulates and controls all the affairs that are common to these clubs, such as the amount of dues, scholarship requirements, and the security of pledges. It has the power to refuse or grant permission for the organization of other local clubs, and also to demand at any time the disbanding of any or all of these organizations. Its name is derived from the ancient Greek custom of having a council to govern the affairs of different nations in that country.

The Council has been active since it was first organized and through its efforts has made the fraternities and sororities better equipped to handle the social life of the students.

LIGHTED LAMP

The Lighted Lamp is a new honor society that was organized as a joint movement of the faculty and students to promote higher standards among the student body. The rules for the first tapping were made by a committee from the student government and the faculty, but the organization is now self-perpetuating. The members are elected in the second semester of the junior year or of the senior year. Requirements for membership are: (1) Scholarship—an average of B and no failures or conditions for five semesters; (2) Character—excellent; (3) Service—outstanding; (4) Leadership—the candidate must have proved his ability as a leader. Members are chosen from various student activities such as athletics, Christian organizations, student government, forensic group, publications, literary societies, and social groups.

Charter members of the society are Emma Carr Bivins, Wilbur Hutchens, Lincoln Fulk, Adylene McCollum, and Lois Hedgecock.

STUDENT ABSENCE COMMITTEE

The Student Absence Committee is composed of nine students whose duty it is to pass upon the validity of excuses offered for either class or chapel absences except those of the Seniors.

The majority of this committee decides whether each absence shall be excused, and makes its report to the Dean's office. Those absences not excused become a permanent part of the student's record.

This method of handling absences, a new experiment in student government this year, has not been tried by any other college in this state, therefore the outcome may mean a great influence in future policies in regard to this phase of college life.

Members of the committee are: Edith Crowder, Lois Hedgecock, Mary Margaret Bates, Inza Hill, Virginia Grant, Leo Pittard, Lincoln Fulk, Alton Hartman, and Paul Owen.

HOMECOMING DAY

The third annual Homecoming Day, held November 30, 1935, brought back many of the alumni. The celebration opened with the program in the auditorium at eleven o'clock. Aubert Smith of the Class of '35 presided, and William Hunter, '29, introduced the speakers. Reverend J. Elwood Carroll, '28, led the devotional lesson. Dr. Humphreys made the opening speech, followed by A. Lincoln Fulk, president of the student body, who welcomed the visitors. Dr. Glenn Perry, '29; Miss Doris Keener, '33, and E. C. Glasgow, '30, were the alumni speakers.

At one o'clock the college entertained both the alumni and present students with a buffet lunch. The afternoon was filled with athletic contests—horseshoe pitching, tumbling exhibition, soccer, basketball, and volleyball. The annual banquet and dance proved to be an enjoyable entertainment for the evening.

From Kitty Hawk, Aviation has now gained ground in every progressive spot of the world. It has engrained itself as a part of the life of a civilization. We have used the theme of Aviation in this ZENITH to suggest that the vision of Mr. Roberts is comparable to the vision of the Wrights. From a dream our college has become a reality and has grown like the field of Aviation until its principles aid in influencing each generation. Its growth has been rapid; we believe that success has just begun.

SENIOR CLASS SUPERLATIVES

FOUR YEARS

Gee! What a heterogeneous group that filed past the office of Mr. Gunn that first afternoon of registration. All sizes, all expressions, all types. A prodigious task it would seem to work a process of integration over this crowd; but next day faces seemed less strange. After the first week of socials, in fact, it seemed that no one was a stranger, and before the year was gone each class member seemed to be a real part of the other.

September—the second year rolled 'round. Now to see all the old gang, to look at the Freshman Class, to help in the initiation—for now we were Sophomores. What a difference! It seemed that no one had come back. Of course, there were a few, but what a large group missing! It really didn't seem like the same place. Even our president-elect did not return. After a few weeks, everything became more organized. Ed Sharpe was elected president, and before long we had a closely-knitted class. Somehow, it wasn't so bad, after all, to be a smaller group. That year was a full year as the class tried to make a name for itself. Parties and various schemes were tried in one form and another. The Sophomore Cabaret made a name for the class and for the college. It was a gala affair!

The class still had dwindled at the beginning of the Junior year. But, in spite of the fact, the class was most vigorous. The chief aim (on the sideline, I may say) was to make money. For it was this year that we had to entertain the Seniors and help pay for the project of heating the gym. Programs, carnivals, and a fashion show were sponsored by the Juniors, the returns from which enabled us to meet our obligations with only a small assessment from each person.

In the beginning of the year 1936, we returned to our Alma Mater only to learn that we had lost two of our most valuable members, Ed Sharpe and Kermit Cloniger. Yet, the class now numbers forty-three. Our projects have been successful, our aims high, our work steady. Four years we have remained with an ever-changing student body. During our stay we have seen progressive movements visualized and realized. How much we have contributed, we do not know.

Tennyson said, "I am a part of all that I have met."

We know that we are a part of the college, and that the college is a part of us.
